SEG POP UP

SEG Pop Up is an enhanced version of the traditional Pop Up display. With the new Silicone Edge Graphic (SEG) to replace the Velcro, it creates a seamless look on your display and it minimizes the unwanted wrinkles after you complete the graphic set up. The SEG Pop Up is available with or without endcaps and a back graphic.

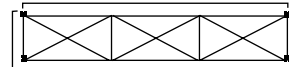

Another great feature is that you can turn your SEG Pop Up to a LED illuminated light box. The Light box version comes with LED lights and reflective back graphic to ensure the lights are evenly spread out. Single-sided or double-sided option are available.

SEG FABRIC

Light Box

Our Silicone Edge Graphic (SEG) fabric light boxes have a sleek anodized aluminum frame that is simple to assemble and update graphic. It allows customer to install and exchange the display graphics without any tools. SEG fabric light boxes use long lasting LED technology to illuminate printed fabric graphic and signs. Light is spread evenly throughout the surface to vibrant the colors on your graphic and make your product more visible. Our LED light is highly energy efficient with over 50,000 hour lamp life, resulting in a hassle free product with low maintenance and running cost.

Our light boxes are available in single-sided, double-sided and multi-sided; it could be displayed horizontally or vertically in either stand-alone, wall mounted, or 3-dimensional shapes. Our light box is not limited to exhibition or tradeshow only. It has a sharp and eye-catching effect in advertising displays as well!

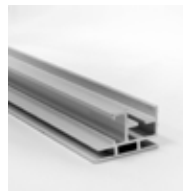

Features:

- Sleek, modern, frameless look
- Quality aluminum profile system
- Light weight and sturdy
- Long lasting LED lights
- Silicone Edge interchangeable graphics

OUTDOOR

Flags & Table Throws

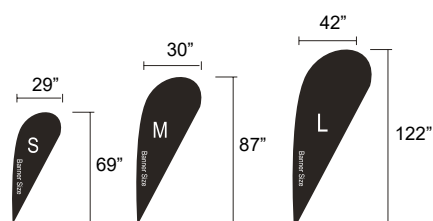

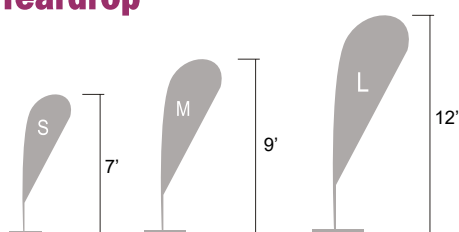

Flag banner can increase visibility and exposure for your business in an outdoor environment. In comparison with other type of banner stand, i.e. roll-up banner, these flag banner feature a narrow design and are created with reinforced areas of material surrounding the outer edges. Flag banners tend to last longer and can withstand wind and mild weather conditions. It is available in single-sided or double-sided printing. Flag banners normally come with a ground base or stake to place on the pavement or into the soil. To further reinforce the stability, there are options to add a water bag or a foldable base that can be filled with water. Lightweight materials and innovative portable design provide you a hassle-free transport experience. The majority of these blade flag are displayed on poles, storefronts, as well as any other location that be utilized to promote a specific business or product.
